Data Entry Volunteer

Central MN Habitat for Humanity is looking for volunteers to help with Data Entry. "Opening doors" for families and kids takes a lot of behind-the-scenes work from dedicated volunteers. We have a need for a weekly, or every other week, volunteer to assist in entering volunteer information and volunteer timesheets into our Raisers Edge database. Volunteer schedule can be flexible. Training is provided, but basic computer knowledge is needed. It's a great way to support Habitat beyond the construction site!

Work with Area Youth

Alone we can do so little, together we can do so much! Pathways 4 Youth focuses on providing meaningful one-time and long-term opportunities that allow volunteers to make a difference in the lives' of the young people they serve, including: mentors, donations, and meals. They also have group volunteer opportunities on-site as well as for those willing to hold drives or put on creative fundraisers for them.

Assist Older Adults

The Assumption Community Faith in Action program covers most of Stearns County as well as the St. Cloud Metro area. Volunteers are essential to the program and provide such services as driving to appointments, light housekeeping and/or cooking, and friendly visiting. Volunteers are needed to assist older adults by performing outdoor chores such as lawn mowing, gardening, window washing, etc. depending on personal interests and abilities of those who need help.

Donate Your Garden Veggies

Donate your extra produce from your garden to your local food shelf. Favorites include carrots, zucchini, beans, beets, kohlrabi, corn, potatoes, cabbage, peppers, onions and asparagus. Any produce that has a longer shelf life is accepted. This is an easy way to help our food shelves during the summer and fall.
